

Statement of Attestation

This statement of attestation is provided by ERM Certification & Verification Services (ERM CVS) following an independent assessment for the self-declaration of conformity to ISO 14001:2015 by Akamai Technologies.

ISO 14001:2015

Period of Validity	1 Year
Valid From	25 July 2024
Valid To	24 July 2025
Version No	1

Attestation

Akamai Technologies environmental management system is considered to be in compliance with ISO 14001:2015, ERM CVS's on-going programme of assessment enables continued improvement by Akamai Technologies of the management system demonstrating conformity to the standard.

Our independence, impartiality, integrity, and quality control

ERM CVS is an independent certification and verification body accredited by United Kingdom Accreditation Services (UKAS) to ISO 17021:2015. Accordingly, we maintain a comprehensive system of quality control, including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements. ERM CVS applies a Code of Conduct and related policies to ensure that its employees maintain integrity, objectivity, professional competence, and high ethical standards in their work. Our processes are designed and implemented to ensure that the work we undertake is objective, impartial and free from bias and conflict of interest.

This statement of attestation remains the property of ERM CVS and can be withdrawn for reasons mentioned in the contract or in case significant non-conformance against the standard is found.

Attestation Sites

Client Name - Legal Entity	Address	Scope	Last Attestation
Akamai Technologies	145 Broadway, Cambridge, MA 02142	Environmental management of Akamai's operational efficiency lifecycle, covering strategy and architecture, implementation, operational improvement, and end of life, across data center and office facilities, physical hardware, software, network, capacity, and value chain contributing to greenhouse gas emissions output across scope 1, 2, and 3.	June 6, 2024

Note:

Akamai Technologies defines Scope 1, 2, and 3 per the World Resources Institute (WRI)/World Business Council for Sustainable Development (WBCSD) Greenhouse Gas (GHG) Protocol Corporate Accounting and Reporting Standard (Scope 1 and 2) and WRI/WBCSD Greenhouse Gas Protocol Corporate Value Chain (Scope 3) Accounting and Reporting Standard.

ERM CVS attests that the management system conforms with the requirements of ISO 14001. It is not intended to imply that ERM CVS has conducted a greenhouse gas emissions verification.
